Bastien Gonzalez

Bastien Gonzalez started skiing at a young age but got seriously injured during a racing competition. Consequently, he spent six months in physiotherapy, where he met a podiatrist. Then, he realized that he had discovered his vocation and moved to Paris to start his three-year Podiatry training. As soon as he graduated, he started working in his office at Place des Vosges, Paris, and then began to work in the most exclusive hotels, first in Paris, then in London and New York, where his clientele was won over by his professional «savoir-faire» and his peculiar approach to his job.

Today, Bastien Gonzalez is internationally famous for his glamorous and unique approach to foot treatments. The passion for his profession has brought him to the highest levels of perfection in terms of quality and innovation. His experience as a foot specialist working in remarkable places all over the world, and a cosmopolitan clientele, have conferred him the privileged status of « foot Virtuoso ».

With the will to give pedicure its Letters of Nobility in mind, Bastien Gonzalez has developed two angles of work, both in harmony with his philosophy:

- a range of performing products, under the brand Révérence de Bastien
- professional treatments.

The treatments under Bastien' signature are available in the most luxurious Spas and hotels in the world. The uniqueness of his concept lies in the fusion of well-being and beauty. His treatment protocols are focused on the nails, their integrity and their shine following a buffing technique passed down to him by his grand-mother... Surprising and natural! And the second secret of these unparalleled treatments is their relaxing aspect of a genuine massage: whether during a pedicure or a manicure, a massage relieves any tensions from toes up to the legs or from fingertips up to the arms. Pure Bliss!

Bastien selects and trains every member of his team to his treatment protocols, guaranteeing the excellence of the treatments proposed under his signature all over the world.
